<sup>1</sup>North Dakota's H.B. 1144 requires specified third-party payers to provide the benefits set forth in the federal Women's Health and Cancer Rights Act of 1998 (42 U.S.C. 300gg-6), including coverage for lymphedema treatment.

<sup>2</sup>Virginia's law supersedes a requirement for coverage previously enacted in 2002 and requires coverage for any lymphedema, not only those resulting from breast cancer.
